### STEEL OPTIONS

\* Metal finish on cabinets is fixed. Steel option is available only for cabinets legs.

A tall, modern cabinet with a light wood finish and a horizontal grey band. It has a minimalist design with a small plant on top.

A round wooden dining table with a dark, splayed leg design. It is surrounded by four grey leather chairs with matching leg designs. The table is set with a teapot, cups, and a vase of flowers.

A large, dark, textured pendant light hanging from the ceiling, providing illumination for the dining area.

A sideboard with a light wood finish and a grey band, matching the tall cabinet. It features a modern lamp and a white decorative vase on top.

A large, textured blue wall panel that adds a bold color element to the room's decor.

A large window on the left side of the room, offering a view of greenery and trees outside.

A large window on the right side of the room, providing natural light and a view of the outdoors.

A small, light-colored rug placed near the window on the left side of the room.

A large, grey patterned rug placed under the dining table and chairs.

## STEEL OPTIONS

1 Stainless steel (polished)	2 Anthracite (black powder coated)
3 Industrial steel (lacquered)	* Metal colours and finishes on chair legs may differ from those on table legs.

\* CANTILEVER option is not available for benches.

An extensive collection of dining and living furniture, produced in Europe, fuses the beauty and nature of wood and metal in a contemporary style.

- Table tops can be selected in either solid European oak or solid North American black walnut - with the option of straight, natural or chamfered edges for each. Personal preferences can be even further tailored with contrasted fillers for the rustic tops, or simply with open knots and cracks to further accentuate the hallmarks of these characterful timbers. Cutting edge finishes in oiled and lacquered compositions help to offer durability and pleasing patina.
- The options of bases and pedestals are the most comprehensive in the marketplace, boasting choices in wood and a wide variety of metal finishes to achieve your perfect combination. Be it an industrial look, sleek or natural simplicity, the exhaustive options list has the solution.
- Seating options include supremely comfortable chairs to echo the table styles - upholstered both in natural wool felt and leather - and with further choices such as swivel actions. Benches are also available, with or without backs, and with choices of corner arrangements for a more flowing and relaxed dining environment, and with bases to match your chosen dining table.

Furthermore, a range of cabinet pieces to include sideboards, TV units, vitrines and more have been created to complete the collection with metal and wood feet and plinths to match tables and cohesively draw the elements together. Unique features such as hidden drawers along with options of illuminated shelves add personality and practicality to the range.

Crossing the boundaries of many interior themes and schemes, the ranges in this brochure offer style, character, presence and a multitude of options - a contemporary yet timeless and adaptable collection of furniture made to the highest standard and without compromise.
