

FULHAM

- The frames are carefully fabricated from square steel rod with a black/silver/brass powder-coated finish.
 - The tops are uniquely sand-cast in aluminium and finished with an antique brass/antique nickel effect. Other tops are sheet steel with a light blue/light green enamel effect finish. There is also a white Banswara marble variant.
 - The lower shelves and small table tops are sheet steel with a pebble/sky blue/light grey/sea green enamel effect finish.
- With the contrasting nature of the two finishes on each piece, the pieces of furniture are unique in both their visual appearance and appeal.
 - They make a subtle and tasteful design statement in a variety of interior schemes.
 - Furniture complements well with other looks in the home and enhances any living space.
 - These pieces are the essence of a visually pleasing, contemporary yet practical look.
